TRAVELLERS' AND SHOWMEN'S SITES PROVISION STRATEGY

All Wards

The subject of the decision:

This report considered the sites recently submitted by private landowners and a strategy of action to meet the established needs in the District by further assessment of possible suitable sites through planning applications.

Alternative options considered:

None.

The reason for the decision:

Council was required to decide where it would support in principle discussions on planning applications for new sites for Travellers and Showmen in the District so as to meet the established needs and how suitable sites should be brought forward and developed quickly. If the Council failed to determine or refused applications to make adequate provision they were likely to be subject to appeal and there was also potential for decisions to be subject to legal challenge.

THE DECISION:

That Council be recommended to support in principle a strategy to promote the private provision of sites as set out in the report (ie subject to controls on site size, prioritisation/phasing and meeting local needs/management) by:

- (1) encouraging pre-planning application discussions as soon as possible on the submitted Travellers' sites at:
 - Bankside Close, Sowerby
 - Tame Bridge
 - Sutton-on-the-Forest
 - World's End, Sowerby
- (2) holding proactive discussions with local Showmen in housing need to find suitable private sites for yards, with a view to bringing them forward quickly as planning applications.

The subject of the decision:

This report requested procurement rules be waived to allow the procurement of a new ICT network to be made via a mini competition based on quotations, rather than on full tender procurement exercise or purchased from a framework. The new ICT network would join together all Hambleton District Council sites such as the Leisure Centres and provide full and fast access to all business critical systems.

Alternative options considered:

None.

The reason for the decision:

To minimise the risk of delaying the ICT Separation Project.
