**M** Describe the steps you intend to take to promote the four licensing objectives:

**a) General – all four licensing objectives (b, c, d and e) (please read guidance note 9)**

The SPAR Store will operate a CCTV system – cameras covering all areas of the SPAR Store once opened.

The staff will be fully trained and most will have obtained the BIIAB level 2 certificate and all will receive "in house" training on the sale of alcohol and will be re-trained as a minimum every 12 weeks.

**b) The prevention of crime and disorder**

We have a due diligence policy and undertake internal test purchases.

The scanning system will prompt the staff to check the age of the customer when the alcohol is purchased.

The SPAR Store will operate a CCTV System.

**c) Public safety**

The public safety measures with which the premises are provided will be maintained in good working order, and their adequacy will be determined on a regular basis, by carrying out a risk assessment. I understand that the safety of occupants is also influenced by numbers of persons present, their disposition and the activities taking place, and therefore undertake to maintain a safe occupancy level.

The SPAR Store will operate a CCTV System.

**d) The prevention of public nuisance**

The SPAR Store operates a refusal book and also a due diligence recording system by way of the till. This is relation to age restricted products. EPOS printouts will be kept were refusals of service are made.

e) The protection of children from harm

We operate the "Think 25" policy but do sell to 18-25 year olds on production of approved identification. Refusal records will be kept by way of EPOS printouts. Alcohol will not be kept near the front entrance.

Training of staff – all staff responsible for selling age restricted goods to be trained to implement the age verification policy. Training records for staff to be maintained and refresher training to be provided annually.

Minimise the risk of proxy sales – safeguards to be in place to try to ensure that alcohol is not purchased or obtained for young people by relatives or older friends (proxy provision). The applicant will work actively with the police to minimise this risk. Staff training to include the risk from proxy sales.

Dear Sir or Madam

**Application for Proposed Licensable Activities –Greaves Garage Hutton Rudby**

With reference to the Public Notice posted in the Darlington Stockton times 10-12-2015

Please note that one of the planning conditions for this combined store and petrol station is that the opening hours are between 7.00 am and 10.00 pm therefore the sale of alcohol cannot be 7.00 am and 11.00pm as stated in the application.

As this is a combined petrol station and store I feel that the hours applied for are too extensive especially for the sale of alcohol early in the morning and that there is not further restrictions for the sale of alcohol on Sundays .

A more realistic approach would be to follow the Scottish licensing standards of 10am to 10 pm Monday to Saturday and 12.20 -10.00pm on Sundays especially as this is a village without an active Police presence .

Reference to the North Yorkshire Alcohol Strategy would see that it advocates various interventions in the extent of licensing hours ,including the use of the Police Reform and Social Responsibility Act 20115 which covers a number of areas, some of which are relevant to the alcohol agenda and that amends and supplements the Licensing Act 2003 with the intention of 'rebalancing' it in favour of local authorities, the police and local communities.

I would urge the licensing authority to consider my comments and modify the hours for sale of alcohol from this petrol station .

Yours Sincerely

G.F.Cunningham

- the power of the Police, other responsible authority or a local resident or business to seek a review of the licence or certificate in question.

2.5 Requirements for advertising applications for the grant, variation or review of premises licences or club premises certificates are set out in legislation. This includes the applicant's statutory requirements of publishing a notice in a local newspaper and displaying a brief summary of the application on or outside the premises concerned. In addition, the Licensing Authority will place a notice on the Council's website outlining details of the application as set out in legislation. The summary will set out matters such as the proposed licensable activities and the proposed hours of opening and will be displayed for the period during which representations may be made, together with information about where the details of the application may be viewed.

### **3.0 PREVENTING CRIME AND DISORDER**

3.1 The Council will ensure that adequate measures are taken by licensees to reduce the risk of crime and disorder. The appropriate measures will depend on the type, size and location of premises and the activities to be carried out. However, the following are examples of issues that will be considered:-

- effective methods of communication between licensees and the Police (e.g., radio, paper, ringround, ringmaster);
- membership of a Pubwatch or similar scheme and active participation in that scheme;
- use of CCTV systems where appropriate;
- appropriate policies and practices relating to avoidance of underage drinking (e.g., use of ID schemes, referral logs, signage, etc);
- appropriate drugs policies and practices;
- glass and bottle policies and practices (e.g., introducing toughened drinking glasses, prohibiting the taking of glasses from the premises);
- effective control of the premises and record keeping (e.g., trained and registered door staff if appropriate, incident logs, training of staff);
- transport liaison arrangements (e.g., readily available information on access to taxis, public transport, etc).

### **4.0 FIRE SAFETY:**

4.1 The Fire Authority has regulatory powers under the Regulatory Reform (Fire Safety) Order 2005 to enforce and control fire safety matters in licensed premises. The Council will not seek to duplicate these powers.

4.2 However, preventing the crime of arson relates to the Licensing Objectives. Consequently the Council will seek to ensure that adequate measures are taken by licensees to reduce the risk and opportunity for deliberate fire setting. This might be to ensure that the security arrangements of the premises reduce the risk that a fire might be started deliberately by actively controlling access to non-public and external areas. It may also include measures to ensure that the accumulation of and access to waste materials is controlled.

## **5.0 OTHER PUBLIC SAFETY MATTERS:**

- 5.1 The Council will ensure that adequate measures are taken by licensees to reduce the risk to public safety. This may include provisions for restrictions on the number of persons who can attend a premises or part of a premises or a specific entertainment at any one time. It might also include a requirement to carry out or have evidence of certain safety inspections such as those relating to electrical or gas appliances or structural matters.

## **6.0 PREVENTING PUBLIC NUISANCE:**

- 6.1 The Council will ensure that adequate measures are taken by licensees to reduce the risk of public nuisance. In particular, it will look at measures to limit noise nuisance, both from the premises and from customers entering and leaving the premises. Methods of control might include restrictions on hours, particularly late at night, noise limiters on musical equipment and sound insulation of buildings, plant and equipment.
- 6.2 The Council will also expect licensees to adopt measures to avoid problems caused by customers spilling out of premises because they have reached capacity or for other reasons.
- 6.3 The Council will ensure that adequate measures are taken to deal with litter problems created by a licensable use in the immediate vicinity of the premises.

## **7.0 CHILDREN:**

- 7.1 Subject to the licensee's discretion and any conditions included in a Premises Licence or Club Premises Certificate, the 2003 Act does not prohibit children having free access to licensed premises of all kinds, including those selling alcohol for consumption on those premises. The Council recognises the great variety of premises for which licences may be sought. These include theatres, cinemas, restaurants, concert halls, cafés, take-aways and fast food outlets as well as public houses and nightclubs.
- 7.2 The Council will not limit the access of children to such premises unless it is necessary for the prevention of harm to children. General rules on access of children will be avoided. The individual merits of each application will be considered.
- 7.3 The Council will in particular take account of the following situations in respect of premises:-
- where there have been convictions for serving alcohol to minors or with a reputation for underage drinking;
  - with a known association with drug taking or dealing;
  - where there is a strong element of gambling on the premises;
  - where entertainment of an adult or sexual nature is commonly provided;
  - where the supply of alcohol for consumption on the premises is the exclusive or primary purpose of the services provided at the premises.

- 7.4 There are a number of options available for limiting the access of children where that is necessary for the prevention of harm to children. The options include:-
- limitations on the parts of premises to which children can have access;
  - limitations on the hours when children may be present;
  - age limitations (below 18);
  - limitations or exclusions when certain activities are taking place;
  - requirements for accompanying adult;
  - full exclusion of people under 18 from the premises when any licensable activities are taking place.
- 7.5 The Council will not impose conditions requiring the admission of children to any premises. Where no licensing restriction is necessary, this should remain a matter for the discretion of the individual licensee or club.
- 7.6 In the case of premises giving film exhibitions, the Licensing Authority expects licensees to impose conditions that children will be restricted from viewing age-restricted films classified according to the recommendations of the British Board of Film Classification or the Local Authority itself. The Council does not intend to adopt its own system of classification.
- 7.7 There should be at least one member of adult staff at places of public entertainment to control the access and egress of children and to assure their safety.
- 7.8 The Council commends to all licensees in sale and supply of alcohol the Portman Group Code of Practice on the Naming, Packaging and Promotion of Alcoholic Drinks.
- 7.9 The Council recognises the North Yorkshire Area Child Protection Committee as the “responsible authority” in respect of children’s issues. This will therefore be the body to which copies of applications are sent.

## **8.0 CUMULATIVE IMPACT:**

- 8.1 It is possible that the impact on surrounding areas of the behaviour of customers taken together is greater in these cases than the usual impact from customers of individual premises. In these circumstances the Council may receive representations from a responsible authority or others that the cumulative effect of new licences is leading to an area becoming saturated with premises, making it a focal point for large groups of people to gather and circulate away from the licensed premises themselves. This might be creating exceptional problems of disorder and nuisance over and above the impact from the individual premises. This might lead the Council in turn to consider the question of whether the grant of any further Premises Licences or Club Premises Certificate would undermine one of the licensing objectives. In these circumstances the cumulative impact will be addressed in the context of the individual merits of any application.

## 9. Determining applications

### General

- 9.1 When a licensing authority receives an application for a new premises licence or an application to vary an existing premises licence, it must determine whether the application has been made in accordance with section 17 of the 2003 Act, and in accordance with regulations made under sections 17(3) to (6), 34, 42, 54 and 55 of the 2003 Act. It must similarly determine applications for the grant of club premises certificates made in accordance with section 71 of the 2003 Act, and in accordance with regulations made under sections 71(4) to (7), 84, 91 and 92 of the 2003 Act. This means that the licensing authority must consider among other things whether the application has been properly advertised in accordance with those regulations.

### Where no representations are made

- 9.2 A hearing is not required where an application has been properly made and no responsible authority or other person has made a relevant representation or where representations are made and subsequently withdrawn. In these cases, the licensing authority must grant the application in the terms sought, subject only to conditions which are consistent with the operating schedule and relevant mandatory conditions under the 2003 Act. This should be undertaken as a simple administrative process by the licensing authority's officials who should replicate the proposals contained in the operating schedule to promote the licensing objectives in the form of clear and enforceable licence conditions. Licensing authorities should not hold hearings for uncontested applications, for example in situations where representations have been made and conditions have subsequently been agreed.

### Where representations are made

- 9.3 Where a representation concerning the licensing objectives is made by a responsible authority about a proposed operating schedule and it is relevant (see paragraphs 9.4 to 9.10 below), the licensing authority's discretion will be engaged. It will also be engaged if another person makes relevant representations to the licensing authority, which are also not frivolous or vexatious (see paragraphs 9.4 to 9.10 below). Relevant representations can be made in opposition to, or in support of, an application and can be made by any individual, body or business that has grounds to do so.

### Relevant, vexatious and frivolous representations

- 9.4 A representation is "relevant" if it relates to the likely effect of the grant of the licence on the promotion of at least one of the licensing objectives. For example, a representation from a local businessperson about the commercial damage caused by competition from new licensed premises would not be relevant. On the other hand, a representation by a businessperson that nuisance caused by new premises would deter customers from entering the local area, and the steps proposed by the applicant to prevent that nuisance were inadequate, would be relevant. In other words, representations should relate to the impact of licensable activities carried on from premises on the objectives. For representations in relation to variations to be relevant, they should be confined to the subject matter of the variation. There is no requirement for a responsible authority

or other person to produce a recorded history of problems at premises to support their representations, and in fact this would not be possible for new premises.

- 9.5 It is for the licensing authority to determine whether a representation (other than a representation from responsible authority) is frivolous or vexatious on the basis of what might ordinarily be considered to be vexatious or frivolous. A representation may be considered to be vexatious if it appears to be intended to cause aggravation or annoyance, whether to a competitor or other person, without reasonable cause or justification. Vexatious circumstances may arise because of disputes between rival businesses and local knowledge will therefore be invaluable in considering such matters. Licensing authorities can consider the main effect of the representation, and whether any inconvenience or expense caused by it could reasonably be considered to be proportionate.
- 9.6 Frivolous representations would be essentially categorised by a lack of seriousness. Frivolous representations would concern issues which, at most, are minor and in relation to which no remedial steps would be warranted or proportionate.
- 9.7 Any person who is aggrieved by a rejection of their representations on either of these grounds may lodge a complaint through the local authority's corporate complaints procedure. A person may also challenge the authority's decision by way of judicial review.
- 9.8 Licensing authorities should not take decisions about whether representations are frivolous, vexatious or relevant to the licensing objectives on the basis of any political judgement. This may be difficult for councillors who receive complaints from residents within their own wards. If consideration is not to be delegated, contrary to the recommendation in this Guidance, an assessment should be prepared by officials for consideration by the sub- committee before any decision is taken that necessitates a hearing. Any councillor who considers that their own interests are such that they are unable to consider the matter independently should disqualify themselves.
- 9.9 It is recommended that, in borderline cases, the benefit of the doubt about any aspect of a representation should be given to the person making that representation. The subsequent hearing would then provide an opportunity for the person or body making the representation to amplify and clarify it.
- 9.10 Licensing authorities should consider providing advice on their websites about how any person can make representations to them.

## **The role of responsible authorities**

- 9.11 Responsible authorities under the 2003 Act are automatically notified of all new applications. While all responsible authorities may make representations regarding applications for licences and club premises certificates and full variation applications, it is the responsibility of each responsible authority to determine when they have appropriate grounds to do so.

## Representations from the police

- 9.12 In their role as a responsible authority, the police are an essential source of advice and information on the impact and potential impact of licensable activities, particularly on the crime and disorder objective. The police have a key role in managing the night-time economy and should have good working relationships with those operating in their local area<sup>5</sup>. The police should be the licensing authority's main source of advice on matters relating to the promotion of the crime and disorder licensing objective, but may also be able to make relevant representations with regard to the other licensing objectives if they have evidence to support such representations. The licensing authority should accept all reasonable and proportionate representations made by the police unless the authority has evidence that to do so would not be appropriate for the promotion of the licensing objectives. However, it remains incumbent on the police to ensure that their representations can withstand the scrutiny to which they would be subject at a hearing.

## Licensing authorities acting as responsible authorities

- 9.13 Licensing authorities are included in the list of responsible authorities. A similar framework exists in the Gambling Act 2005. The 2003 Act does not require responsible authorities to make representations about applications for the grant of premises licences or to take any other steps in respect of different licensing processes. It is, therefore, for the licensing authority to determine when it considers it appropriate to act in its capacity as a responsible authority; the licensing authority should make this decision in accordance with its duties under section 4 of the 2003 Act.
- 9.14 Licensing authorities are not expected to act as responsible authorities on behalf of other parties (for example, local residents, local councillors or community groups) although there are occasions where the authority may decide to do so. Such parties can make relevant representations to the licensing authority in their own right, and it is reasonable for the licensing authority to expect them to make representations themselves where they are reasonably able to do so. However, if these parties have failed to take action and the licensing authority is aware of relevant grounds to make a representation, it may choose to act in its capacity as responsible authority.
- 9.15 It is also reasonable for licensing authorities to expect that other responsible authorities should intervene where the basis for the intervention falls within the remit of that other responsible authority. For example, the police should make representations where the representations are based on concerns about crime and disorder. Likewise, it is reasonable to expect the local authority exercising environmental health functions to make representations where there are concerns about noise nuisance. Each responsible authority has equal standing under the 2003 Act and may act independently without waiting for representations from any other responsible authority.

<sup>5</sup> Elections for Police and Crime Commissioners (PCCs) in all police force areas in England and Wales (except in London, where the Mayor of London has taken on the powers of a PCC in relation to the Metropolitan Police) took place on 15th November 2012. PCCs are expected to have a central role working in partnership with local authorities, enforcement bodies and other local partners to decide on what action is needed to tackle alcohol-related crime and disorder in their areas. However, the Chief Officer of Police will remain the named responsible authority under the 2003 Act.

- 9.16 The 2003 Act enables licensing authorities to act as responsible authorities as a means of early intervention; they may do so where they consider it appropriate without having to wait for representations from other responsible authorities. For example, the licensing authority may (in a case where it has applied a cumulative impact policy) consider that granting a new licence application will add to the cumulative impact of licensed premises in its area and therefore decide to make representations to that effect, without waiting for any other person to do so.
- 9.17 In cases where a licensing authority is also acting as responsible authority in relation to the same process, it is important to achieve a separation of responsibilities within the authority to ensure procedural fairness and eliminate conflicts of interest. In such cases licensing determinations will be made by the licensing committee or sub committee comprising elected members of the authority (although they are advised by a licensing officer). Therefore, a separation is achieved by allocating distinct functions (i.e. those of licensing authority and responsible authority) to different officials within the authority.
- 9.18 In these cases, licensing authorities should allocate the different responsibilities to different licensing officers or other officers within the local authority to ensure a proper separation of responsibilities. The officer advising the licensing committee (i.e. the authority acting in its capacity as the licensing authority) must be a different person from the officer who is acting for the responsible authority. The officer acting for the responsible authority should not be involved in the licensing decision process and should not discuss the merits of the case with those involved in making the determination by the licensing authority. For example, discussion should not take place between the officer acting as responsible authority and the officer handling the licence application regarding the merits of the case. Communication between these officers in relation to the case should remain professional and consistent with communication with other responsible authorities. Representations, subject to limited exceptions, must be made in writing. It is for the licensing authority to determine how the separate roles are divided to ensure an appropriate separation of responsibilities. This approach may not be appropriate for all licensing authorities and many authorities may already have processes in place to effectively achieve the same outcome.
- 9.19 Smaller licensing authorities, where such a separation of responsibilities is more difficult, may wish to involve officials from outside the licensing department to ensure a separation of responsibilities. However, these officials should still be officials employed by the authority.

## **Health bodies acting as responsible authorities**

- 9.20 Where a local authority's Director of Public Health in England (DPH)<sup>6</sup> or Local Health Board (LHB) (in Wales) exercises its functions as a responsible authority, it should have sufficient knowledge of the licensing policy and health issues to ensure it is able to fulfil those functions. If the authority wishes to make representations, the DPH or LHB will need to decide how best to gather and coordinate evidence from other bodies which exercise health functions in the area, such as emergency departments and ambulance services.
- 9.21 Health bodies may hold information which other responsible authorities do not, but which would assist a licensing authority in exercising its functions. This information may be used by the health body to make representations in its own right or to support representations

---

<sup>6</sup> This change was made as a result of the commencement of measures in the Health and Social Care Act 2012 which amended the 2003 Act and further provision in the NHS Bodies and Local Authorities (Partnership Arrangements, Care Trusts, Public Health and Local Healthwatch) Regulations 2012.

by other responsible authorities, such as the police. Such representations can potentially be made on the grounds of all four licensing objectives. Perhaps the most obvious example is where drunkenness leads to accidents and injuries from violence, resulting in attendances at emergency departments and the use of ambulance services. Some of these incidents will be reported to the police, but many will not. Such information will often be relevant to the public safety and crime and disorder objectives.

- 9.22 However, health bodies are encouraged to make representations in respect of any of the four licensing objectives without necessarily seeking views from other responsible authorities where they have appropriate evidence to do so. There is also potential for health bodies to participate in the licensing process in relation to the protection of children from harm. This objective not only concerns the physical safety of children, but also their moral and psychological well being.
- 9.23 Evidence relating to under 18s alcohol-related emergency department attendance, hospital admissions and underage sales of alcohol, could potentially have implications for both the protection of children from harm and the crime and disorder objectives. Health bodies can provide evidence to lead or support representations in relation to this objective. In relation to proxy purchases, data collected by health bodies could be used to inform other responsible authorities, including the police and licensing authorities, about a prevalence of proxy purchasing in a particular area. For example, the police could use this data to tackle instances of 'shoulder tapping' (where under 18s approach adults to buy alcohol on their behalf) and to suggest measures which retailers might be able to take to ensure, as far as possible, that they are not knowingly selling alcohol to an adult who is buying on behalf of a person aged under 18. Although less obvious, health bodies may also have a role to play in the prevention of public nuisance where its effect is prejudicial to health and where they hold relevant data.
- 9.24 DPHs and LHBs will need to consider how to collect anonymised information about incidents that relate to specific premises or premises in a particular area (for example, a cumulative impact zone). Many areas have already developed procedures for local information sharing to tackle violence, which could provide useful evidence to support representations. The College of Emergency Medicine has issued guidelines for information sharing to reduce community violence which recommends that data about assault victims should be collected upon admission to emergency departments, including the date, time and location of the assault – i.e. the name of the pub, club or street where the incident occurred. Sometimes, it may be possible to link ambulance callouts or attendances at emergency departments to irresponsible practices at specific premises, such as serving alcohol to people who are intoxicated or targeting promotions involving unlimited or unspecified quantities of alcohol at particular groups.

## **Disclosure of personal details of persons making representations**

- 9.25 Where a notice of a hearing is given to an applicant, the licensing authority is required under the Licensing Act 2003 (Hearings) Regulations 2005 to provide the applicant with copies of the relevant representations that have been made.
- 9.26 In exceptional circumstances, persons making representations to the licensing authority may be reluctant to do so because of fears of intimidation or violence if their personal details, such as name and address, are divulged to the applicant.

- 9.27 Where licensing authorities consider that the person has a genuine and well-founded fear of intimidation and may be deterred from making a representation on this basis, they may wish to consider alternative approaches.
- 9.28 For instance, they could advise the persons to provide the relevant responsible authority with details of how they consider that the licensing objectives are being undermined so that the responsible authority can make representations if appropriate and justified.
- 9.29 The licensing authority may also decide to withhold some or all of the person's personal details from the applicant, giving only minimal details (such as street name or general location within a street). However, withholding such details should only be considered where the circumstances justify such action.

## Hearings

- 9.30 Regulations governing hearings may be found on the [www.legislation.gov.uk](http://www.legislation.gov.uk) website. If the licensing authority decides that representations are relevant, it must hold a hearing to consider them. The need for a hearing can only be avoided with the agreement of the licensing authority, the applicant and all of the persons who made relevant representations. In cases where only 'positive' representations are received, without qualifications, the licensing authority should consider whether a hearing is required. To this end, it may wish to notify the persons who made representations and give them the opportunity to withdraw those representations. This would need to be done in sufficient time before the hearing to ensure that parties were not put to unnecessary inconvenience.
- 9.31 Responsible authorities should try to conclude any discussions with the applicant in good time before the hearing. If the application is amended at the last moment, the licensing committee should consider giving other persons time to address the revised application before the hearing commences.
- 9.32 Regulations made under the 2003 Act require that representations must be withdrawn 24 hours before the first day of any hearing. If they are withdrawn after this time, the hearing must proceed and the representations may be withdrawn orally at that hearing. However, where discussions between an applicant and those making representations are taking place and it is likely that all parties are on the point of reaching agreement, the licensing authority may wish to use the power given within the hearings regulations to extend time limits, if it considers this to be in the public interest.
- 9.33 Applicants should be encouraged to contact responsible authorities before formulating their applications so that the mediation process may begin before the statutory time limits come into effect after submission of an application. The hearing process must meet the requirements of regulations made under the 2003 Act. Where matters arise which are not covered by the regulations, licensing authorities may make arrangements as they see fit as long as they are lawful.
- 9.34 There is no requirement in the 2003 Act for responsible authorities that have made representations to attend, but it is generally good practice and assists committees in reaching more informed decisions. Where several responsible authorities within a local authority have made representations on an application, a single local authority officer may represent them at the hearing if the responsible authorities and the licensing authority agree. This local authority officer representing other responsible authorities may be a licensing officer, but only if this licensing officer is acting as a responsible authority on behalf of the licensing authority and has had no role in the licensing determination.

process. This is to ensure that the responsible authorities are represented by an independent officer separate from the licensing determination process.

- 9.35 As noted in paragraphs 9.13 to 9.19 above, where the licensing officer is acting as a responsible authority the relevant steps should be followed to ensure that this individual has no role in the decision making process regarding the licensing determination.
- 9.36 As a matter of practice, licensing authorities should seek to focus the hearing on the steps considered appropriate to promote the particular licensing objective or objectives that have given rise to the specific representation and avoid straying into undisputed areas. A responsible authority or other person may choose to rely on their written representation. They may not add further representations to those disclosed to the applicant prior to the hearing, but they may expand on their existing representation.
- 9.37 In determining the application with a view to promoting the licensing objectives in the overall interests of the local community, the licensing authority must give appropriate weight to:
- the steps that are appropriate to promote the licensing objectives;
  - the representations (including supporting information) presented by all the parties;
  - this Guidance;
  - its own statement of licensing policy.
- 9.38 The licensing authority should give its decision within five working days of the conclusion of the hearing (or immediately in certain specified cases) and provide reasons to support it. This will be important if there is an appeal by any of the parties. Notification of a decision must be accompanied by information on the right of the party to appeal. After considering all the relevant issues, the licensing authority may grant the application subject to such conditions that are consistent with the operating schedule. Any conditions imposed must be appropriate for the promotion of the licensing objectives; there is no power for the licensing authority to attach a condition that is merely aspirational. For example, conditions may not be attached which relate solely to the health of customers rather than their direct physical safety. Any conditions added to the licence must be those imposed at the hearing or those agreed when a hearing has not been necessary.
- 9.39 Alternatively, the licensing authority may refuse the application on the grounds that this is appropriate for the promotion of the licensing objectives. It may also refuse to specify a designated premises supervisor and/or only allow certain requested licensable activities. In the interests of transparency, the licensing authority should publish hearings procedures in full on its website to ensure that those involved have the most current information.
- 9.40 In the context of variations or minor variations, which may involve structural alteration to or change of use of a building, the decision of the licensing authority will not exempt an applicant from the need to apply for building control approval, planning permission or both of these where appropriate.

## **Determining actions that are appropriate for the promotion of the licensing objectives**

- 9.41 Licensing authorities are best placed to determine what actions are appropriate for the promotion of the licensing objectives in their areas. All licensing determinations should be considered on a case-by-case basis. They should take into account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises user as the case may be.
- 9.42 The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.
- 9.43 Determination of whether an action or step is appropriate for the promotion of the licensing objectives requires an assessment of what action or step would be suitable to achieve that end. While this does not therefore require a licensing authority to decide that no lesser step will achieve the aim, the authority should aim to consider the potential burden that the condition would impose on the premises licence holder (such as the financial burden due to restrictions on licensable activities) as well as the potential benefit in terms of the promotion of the licensing objectives. However, it is imperative that the authority ensures that the factors which form the basis of its determination are limited to consideration of the promotion of the objectives and nothing outside those parameters. As with the consideration of licence variations, the licensing authority should consider wider issues such as other conditions already in place to mitigate potential negative impact on the promotion of the licensing objectives and the track record of the business. Further advice on determining what is appropriate when imposing conditions on a licence or certificate is provided in Chapter 10. The licensing authority is expected to come to its determination based on an assessment of the evidence on both the risks and benefits either for or against making the determination.

## **Considering cases where licensing and planning applications are made simultaneously**

- 9.44 Where businesses have indicated, when applying for a licence under the 2003 Act, that they have also applied for planning permission or that they intend to do so, licensing committees and officers should consider discussion with their planning counterparts prior to determination with the aim of agreeing mutually acceptable operating hours and scheme designs.
