

HAMBLETON DISTRICT COUNCIL

Report To: Licensing and Appeals Hearings Panel
1 September 2017

From: Director of Law and Governance (Monitoring Officer)

Subject: APPLICATION FOR THE RENEWAL OF A HACKNEY CARRIAGE VEHICLE LICENCE - MR JAMES ARMSTRONG – HC87

1.0 SUMMARY

1.1 Members are asked to consider whether or not to grant an application for the renewal of a hackney carriage vehicle licence.

2.0 PROCEDURE

2.1 The procedure for licensing hearings is attached as an Annex to the Agenda.

3.0 LICENCE STATUS

3.1 Since 18th November 2015, Mr James Armstrong has held a hackney carriage vehicle licence (plate number HC87) in respect of a Mercedes E270 CDI, vehicle registration mark H13 AYP. The licence is due to expire on 31st October 2017.

3.2 On 27th July 2017, James Armstrong applied to renew the hackney carriage vehicle licence pertaining to the vehicle. A copy of the application form is attached at **Annex A**.

3.3 All applicants are required to produce the following documents before a licence will be renewed:

- a current MOT Certificate;
- proof that the licensing authority's testing arrangements have been satisfied (i.e. a test paper completed and signed by a Hambleton-based VOSA-accredited testing station); and
- a current vehicle insurance certificate or cover note which includes the carriage of passengers for private hire;

3.4 The applicant has produced the requisite documents listed in 3.3 and copies are attached at **Annexes B, C & D**. The documents have been accepted and validated by licensing officers.

3.5 The MOT history of the vehicle has been taken from the GOV.UK website and is attached at **Annex E**.

3.6 The most recent MOT certificate shows that, on 24th October 2016, the recorded mileage was 58,157 miles.

3.7 According to the registration document, attached at **Annex F**, the vehicle in question was first registered on 6th August 2004 (13 years ago).

3.8 On 27th July 2017, Mr Armstrong also provided a record of the service history for the vehicle in question. The record is attached at **Annex G**.

3.9 On 15th February 2017, five months before submitting his application, Mr Armstrong sent a letter to the Licensing Team to support his subsequent application and to provide reasons for the council to grant the licence on the basis of the individual circumstances of his case. Mr Armstrong sent a further letter to the Licensing Team in support of his application on 27th July 2017. Copies of the letters are attached at **Annex H**.

4.0 POLICY CONSIDERATIONS

4.1 In carrying out its licensing functions, the Panel should have regard to the council's Hackney Carriage and Private Hire Licensing Policy.

4.2 In accordance with paragraph 2.2.1 of the policy, the council will generally only grant a licence in respect of a hackney carriage vehicle if it is less than 10 years old at the time of the application. For these purposes, the age of the vehicle shall be taken from the date of first registration. The vehicle in question surpassed this general age limit in August 2014.

4.3 The Licensing Committee approved the adoption of an age policy on 11th February 2016 having satisfied itself that it was appropriate to promote public safety, reliability and improved high standards of hackney carriage and private hire services in the district.

4.4 The council's policy can (and is generally likely to) affect the outcome of the decision in most cases and this is entirely lawful. The policy is a means of securing a consistent approach to individual cases.

4.5 Each case must be considered in the light of the policy but not so that the policy automatically determines the outcome¹.

4.6 According to the minutes of the meeting on 11th February 2016, the Licensing Committee acknowledged that the policy allowed exceptions to the general rule by placing a requirement on the licensing authority to consider each application on its individual merits and to depart from the general policy where the specific circumstances of a case justify making an exception.

4.7 The onus is on the applicant to demonstrate that any such exception should be made².

5.0 DETERMINATION BY THE PANEL

5.1 Members are advised to take one of the following steps:

5.1.1 The Panel may conclude that the specific circumstances of the applicant's individual case justify making an exception from the general policy, in which case, the Panel may grant the application; or

5.1.2 The Panel may refuse to renew the licence on the grounds of any reasonable cause.

NITE TIME TAXIS

Dear Sir,

Following my letter,
(copy attached) and after conversation
with MR Fisher, I am now applying
to renew my Hackney Licence,
as stated in my letter although my
vehicle is over the age limit I feel
this would warrant a departure from
the Councils policy for reasons stated
in my letter.

I am available to bring the vehicle to
you for your inspection at anytime.
I would also like to say that my
taxi brings me business from all
walks of life due to the condition
and make, I carry local business
people, local Farming Community and
Councilors and am used to comments
on the "cleanliness" and "excellent
condition" of the car.

Since writing my letter in February
I have looked at some of the vehicles
that have been renewed to be within
the criteria and the mileage is still
way above mine and I would say

The condition no better than mine.
While I agree with the policy there
has to be some exceptions and
surely age as in humans is just
a number and vehicles and people
can not be written off because of
this,

I do hope you will let me continue
to keep my Taxi Fax at least another
twelve months.

Yours Faithfully

JAMES ARMSTRONG

15th FEBRUARY 2017

07702219430

DEAR SIR,

I am writing with reference to change of vehicle required, when my licence expires in October, due to age of my current vehicle.

I would like to ask if you would consider allowing me to licence this vehicle for another 12 months. The reasons are as follows:

My taxi is a Mercedes E200 CDI Avantgarde auto, 6/8/2004, only 65,000 miles from new. This vehicle is in pristine condition with a private number plate and full service history from new.

I feel that this vehicle is in better condition with a lot less miles on the clock than some of the newer taxis on the road in the Hambleton area.

My vehicle is always serviced as per manufacturer's instructions, and I would welcome any inspection.

I have been a taxi proprietor with Hambleton since 1988 and have always had clean and well maintained vehicles with

Problems; in fact one of my cars
(a red mercedes) was chosen to
appear on hambleton area
Taxis information advert.

I understand why this new policy
was introduced and agree that taxis
should be a credit to the area
and I feel that mine is.

I also understand why making an
exception could cause problems
with other proprietors, but feel
that if mine were to "set the
precedent" for other appeals this
could be the way to overcome them
The vehicles would have to be the
same class, very low mileage and
pristine condition with full service
history and only be licensed for
12 months, with a private plate. (I feel
very few would be able to achieve
this)

I look forward to hearing from
you

Yours Faithfully
J Armstrong

JAMES ARMSTRONG.
