Q4	If you have any further comments regarding the Housing Assistance Policy that you have not already mentioned please provide them below:
	<ol style="list-style-type: none"> 1) Dementia assistance is a very welcome inclusion. 2) i think the awareness of the policy needs to be publicised more widely both publicly and within the organisation. i also consider there is an opportunity for a more joined up strategy between the organistion's different departmental policies and regulation to ensure they collectively meet the overall goal of availabilty and improvement of empty properties within the district 3) The document is comprehensive, easy to understand and covers everything that it needs to.
